

NMSU ChAMPIONs

New Mexico State University

Mission

CHampioning **A**ssessment **M**entors to **P**romote **I**nstitutional **O**utcomes **N**etworks

Goals

Because the ChAMPION Program

- Provides training and resources that promote intentional and systematic improvement, including professional and scholarly teaching and learning practices
- Develops faculty, staff and administrators who support and promote meaningful outcomes assessment
- Trains faculty, staff and administrators in direct and indirect student learning and operational measurement techniques
- Facilitates wide-spread implementation of assessment as a means for gathering evidence to be used in decision-making
- Cultivates a campus-wide integration and cross-unit collaboration for outcomes assessment
- Promotes alignment of program, unit and area goals and objectives with institutional goals for effectiveness and student learning

Objectives

Faculty, Staff and Administrators

- Engage in and document intentional and systematic improvement in professional and scholarly teaching and learning practices
- Support and promote meaningful outcomes assessment in their respective programs/units
- Apply appropriate techniques to measure effectiveness, efficiency and learning at multiple levels across the institution (e.g. course, program, unit and institution)
- Use evidence of effectiveness and learning to inform decision-making
- Collaborate across disciplines and across academic, co-curricular and operational units in assessment initiatives
- Demonstrate how their program, unit or area impacts students, their learning and the learning environment
