

University Outcomes Assessment Council (UOAC)

Mission

The University Outcomes Assessment Council provides collaborative leadership to support a system-wide culture of assessment that promotes and reflects a holistic student learning experience.

Goals

The University Outcomes Assessment Council serves as a conduit for communication across the campus by

1. Providing oversight in the development of university-wide assessment activities
2. Assisting the Director of Assessment in creating a coherent map of assessment at NMSU-Las Cruces
3. Serving as an advisory board to the Director of Assessment
4. Providing a multi-sided perspective on assessment matters through its diverse representation

Objectives

It is clear that the goals have been achieved

1. Institutional assessment activities are ongoing and meaningful
2. Institutional assessment activities are cohesive and coherent
3. The Director of Assessment is informed and responsive to the needs of the institution and the campus community
4. All constituents of the campus community are represented and considered in matters of assessment
